Salon and Training

# PRICE LIST

## 2023-24

# WELCOME

---

Our Hair and Beauty salons at Wheeler Gate and Adams aim to provide exceptional training for our students with the latest technology and leading product ranges including Wella, Osmo, MonuSkin, Carlton, Orly and Halo by Pure Nails.

We offer a wide range of treatments at great prices.

**We hope you enjoy your experience with us!**

Our salons run different promotions throughout the year to suit our students assessment needs. For information on current deals please contact our reception team or follow our Facebook and Instagram pages.

**Are you a student of Nottingham College, if so ask the reception team for the QR code for your own unique pricing.**

# APPOINTMENTS

For general inquiries, treatment details, available offers or to book your appointment please contact one of our salons:

## YOUR LOOK - WHEELER GATE

14-16 Wheeler Gate  
Nottingham  
NG1 2NB  
Tel: 0115 914 6302

## YOUR LOOK - ADAMS

Adams Building  
The Lace Market  
Nottingham, NG1 1NG  
Tel: 0115 838 0091/92

## TERMS AND CONDITIONS

We respectfully ask clients to remember that all treatments are performed in a training environment, so the time taken could be significantly longer than a qualified business environment as some students may take longer than others. Please allow yourself plenty of time before any subsequent appointments as you may be required to stay for the whole teaching session depending on the treatment you are booked in for.

**Our treatments are subject to change throughout the year to suit our students assessment needs, please consult the reception team for availability.**

## NOTIFICATION OF CANCELLATION

**Your Look Salon operates a 48-hour cancellation policy for all services.**

**For cancellation of appointments within 48 hours there will be a charge of 50%, for appointments canceled on the day or not attendance without notification there will be a 100% charge.**

**Two consecutive late cancellations or failure to attend appointments will result in full payment in advance at the time of booking.**

Some hair and beauty treatments require a skin test, these must be take place a minimum of 48hrs before the treatment can be carried out. This can be done at either of our hair and Beauty receptions.

**APPOINTMENTS CANNOT BE MADE FOR THESE TREATMENTS OVER THE PHONE UNTIL THE SKIN TEST HAS BEEN COMPLETED.**

\*Skin test required 48hrs before your appointment.

LEVEL 3 NAIL SERVICES (Subject to availability)	PRICE
Gel, Acrylic or Silk / Fibreglass - Full set with tips	£15
Gel, Acrylic or Silk / Fibreglass - INFILLS	£12

LEVEL 3 FACIAL SERVICES	DURATION (mins)	PRICE
<p>You will be booking in for an advanced facial which will incorporate one or two pieces of electrical equipment. After completion of a detailed consultation the student therapist will advise which treatment is most suitable for you. Below are descriptions of the treatments your student therapist could advise you having. These treatments use Spa Find products.</p>		
Galvanic Facial	60	£20
<p>The galvanic facial uses active water-soluble substances, such as gels, serums or creams that are either positively or negatively charged to deep cleanse the skin tissues. Either a positive or negative electrode is used on the face; the electrode drives the products deep into the skin tissue to deep cleanse, emulsifying sebum (the skins natural oil) and softening blockages for further treatment.</p>		
Faradic Facial	60	£20
<p>With EMS the faradic machine acts as the brain and it sends electrical impulses through the motor nerves in the face via a pair of electrodes to produce first muscle contraction and then muscle relaxation. The treatment time is normally 15-20 minutes with usually 6-8 contractions per muscle, passing over the face 2-3 times and is part of a course of treatments, with two to three treatments a week recommended over a period of time to achieve successful muscle improvement with facial exercises given to support treatment. Length of course varies according to the treatment objective and condition of the muscles.</p>		
Vacuum Suction Facial	60	£20
<p>The vacuum suction facial aids lymphatic fluid drainage by using a vacuum suction machine. The treatment gently stimulates the lymphatic system and removes waste products from the tissue, improving the colour and appearance of the skin.</p>		
High Frequency Facial	60	£20
<p>The high frequency treatment can be used on the face or body (usually the back) to improve the skin's condition. There are two kinds of high frequency treatment:</p> <p><b>INDIRECT HIGH FREQUENCY</b></p> <p>In this treatment the client holds a glass saturator electrode to channel the current whilst the therapist performs a massage routine. The process stimulates circulation which improves the colour of the skin. This treatment is recommended for mature or dehydrated skin types.</p> <p><b>DIRECT HIGH FREQUENCY</b></p> <p>In this treatment a glass electrode is applied directly onto the skin. This treatment is recommended for oily/congested/blemished skin types due to the beneficial germicidal effect it has on the skin's ability to heal.</p>		

LEVEL 3 FACIAL SERVICES		DURATION (mins)	PRICE
Micro-current Facial (nonsurgical face lift)		60	£20
A micro-current facial is a preventative measure in helping to slow down the ageing process. It firms and lifts the muscle myofibrils in the face, improving the appearance of fine lines, wrinkles and creases. It promotes better circulation and lymph fluid drainage which reduces puffiness. Other benefits include softening scar tissue, tightening and reducing pores and cleansing and rebalancing the skin's moisture levels.			
Microdermabrasion Facial		60	£25
Microdermabrasion is a mechanical exfoliating, or skin-peeling treatment. This treatment can be applied to the face, neck, chest, back, hands and over areas of scar tissue. There are two forms of microdermabrasion treatments:			
<b>DIAMOND MICRODERMABRASION</b>			
Diamond microdermabrasion is a newer procedure that is becoming more popular, as no loose crystals or abrasions are released into the environment. Instead of using crystals to exfoliate the skin, a hand piece encrusted with diamond or other particles (e.g. silicon carbide) is passing over the skin. The diamond tip abrades the skin in a similar way to the crystal version.			
<b>CRYSTAL MICRODERMABRASION</b>			
Crystal Microdermabrasion is the most widely used. It is a mechanical exfoliating treatments where a controlled, high-speed flow of micro aluminum oxide crystals is applied under pressure, over the skins surface.			
*Please note we only have one crystal microdermabrasion machine			

LEVEL 3 BODY SERVICES			
Swedish Full Body, Face and Scalp		75	£20
Swedish Full Body Massage		60	£15
Swedish Back Massage		30	£10
The Swedish massage treatments use five styles of long, flowing strokes to relieve stress, leaving you relaxed and rejuvenated.			
Hot Stone Full Body, Face and Scalp		75	£20
Hot Stone Full Body Massage		60	£15
Hot Stone Back Massage		30	£10
The hot stone treatments use heated basalt and semi precious chakra crystals. These are deeply soothing and help to release tight muscles and relax the body.			
Full Body, Face & Scalp with G5 and Infra-red treatment		85	£25
The G5 body treatment manipulates the body tissues, using a vibration machine called a G5. This massage works deeper in to the muscles and is ideal for stimulation of blood & lymph which aids the removal of toxins and waste materials within the body.			
Added in with Infra-red this provides a deep heat from the infra red lamp. This helps enhance the treatment by; increasing the body temperature, softening the muscle tissues & relaxing the muscles, soothing & calming effect on the nerve ending.
