

# NOTTINGHAM COLLEGE

Making **choices** for **you** or your **children**

## Inside:

Next steps for your child after school

Adult courses in college and in your community

Applying to college

# A college for everyone

## Focus Features

Mature student Ade did an Access to Higher Education course.

“My Lecturer was so supportive and encouraging.”

## Apprenticeships

Everything you need to do about college life, whether you are a parent or an adult in education yourself

College can be a great experience for young people and adults alike. If you are a parent wanting to support your child to make well-informed decisions about their next steps after school then this guide will take you through what you need to know.

This guide is also packed full of information about adult learning. If you are thinking of re-training, upskilling or learning something new, we hope you find something of interest in here.

Please also visit [nottinghamcollege.ac.uk](http://nottinghamcollege.ac.uk) for more information

## Open Days 2019/20

Throughout the year we open our doors to let people come and have a look around our fantastic facilities and talk to staff about their options.

We will be holding a range of different events, some for everybody, some aimed at school leavers and some just for adults.

Open days are a great way to get a feel for the College and we highly recommend you book onto one.

**Check [www.nottinghamcollege.ac.uk/open](http://www.nottinghamcollege.ac.uk/open) for details on dates and times.**

# Helping your children make the right choice for them

**Choosing what to do after GCSEs is one of the most important decisions a young person can make. There are so many options available - perhaps staying on in school sixth form, going to a different sixth form, perhaps choosing a specialist sixth form college? And then there are options like Apprenticeships or the range of vocational options offered by a college. It can be daunting for any young person at this important stage in their lives.**

We at Nottingham College want to make sure that all young people are armed with as much information as possible, to help them, and their families, understand all the options available.

First of all, Nottingham College has a specialist sixth form centre, providing over 20 A Level subjects and offering a range of hybrid options that can incorporate GCSE study and even vocational qualifications alongside.

Our High Pavement Sixth Form Centre is located on the edge of the Nottingham Trent University city campus, giving our A Level students a real feel for what could come next in their journey.

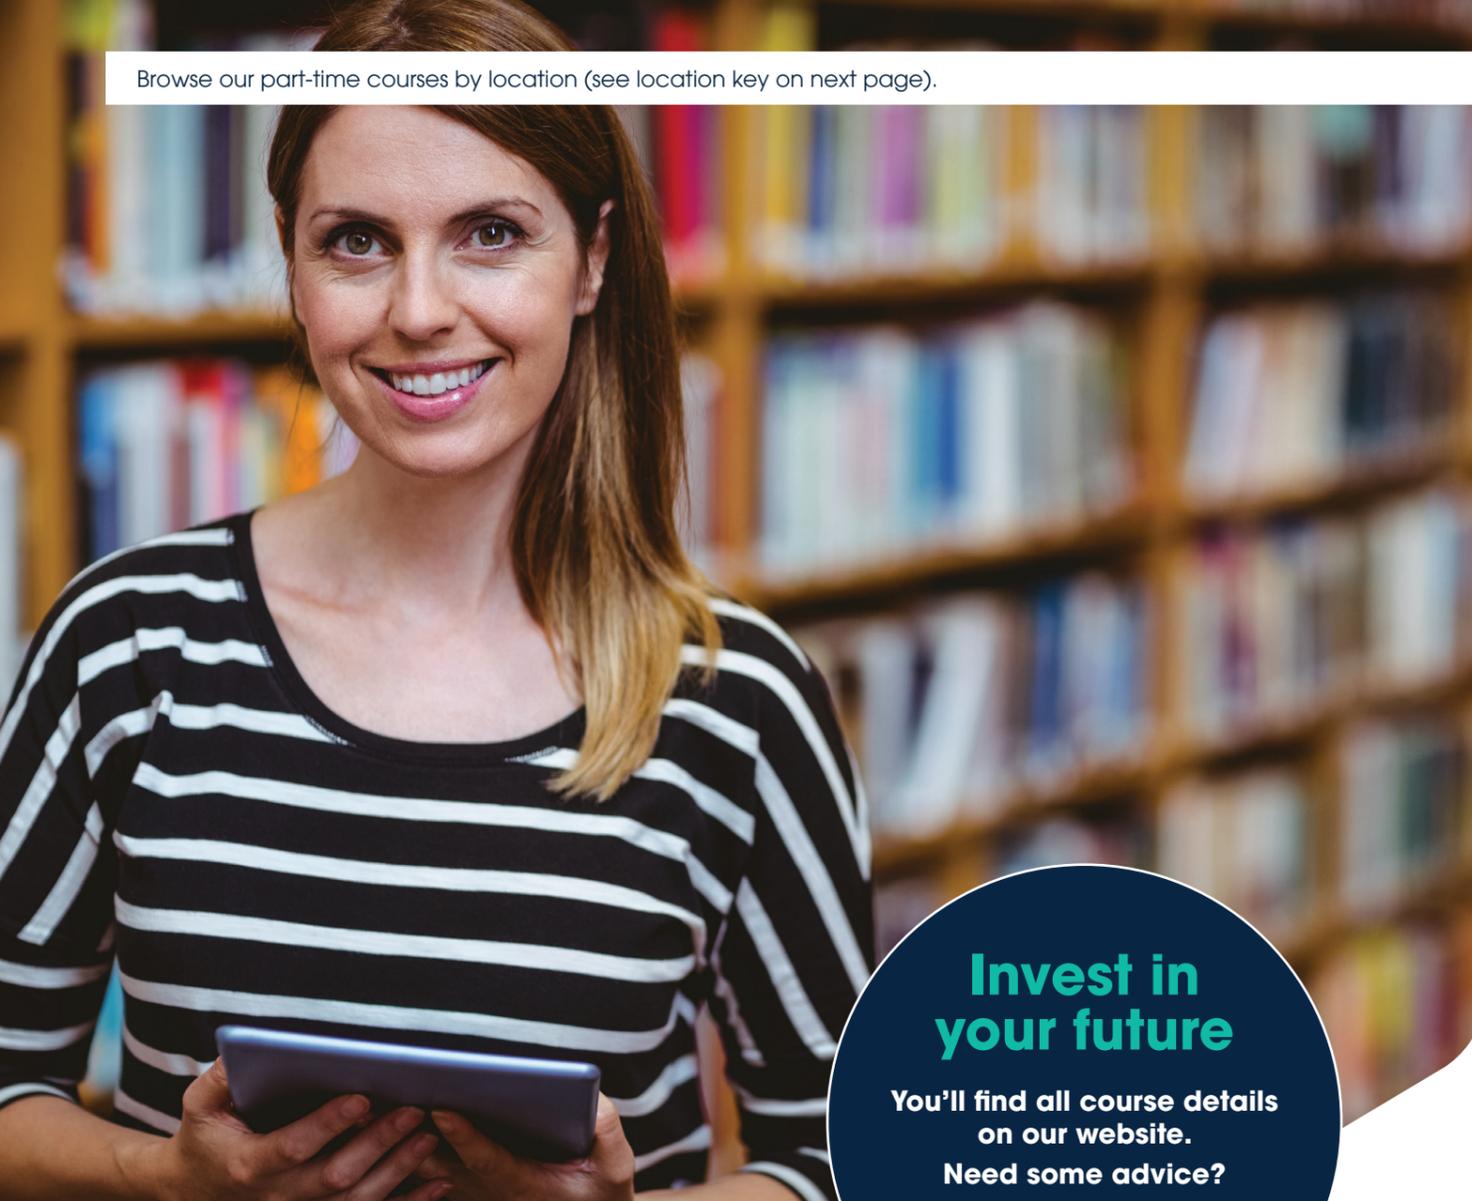

The College also offers a whole range of Apprenticeships, enabling a young person to continue their post 16 education in the workplace.

An Apprenticeship is paid and for a young person aged 16-18, it is fully-funded. Hundreds of job vacancies are advertised through the college every year and job applications can be submitted online via the college's website. So if this seems like an option for your child, please take a look.

Finally, Nottingham College is the largest college in the City, providing more than 200 vocational qualifications for school leavers. All of our vocational courses offer work experience, they are taught by lecturers who have developed their knowledge and skills in industry and offer excellent connections with local employers, encouraging students to connect with the range of careers available to them after college.

The best way to find out about what college has to offer is to take a look on our website at our range of courses, pick up a college full-time prospectus and ideally, come and see us at one of our open days. Here you can meet tutors, ask about college life outside of the classroom and find out about routes to employment after college.

[nottinghamcollege.ac.uk](http://nottinghamcollege.ac.uk)

**Invest in your future**

You'll find all course details on our website.

Need some advice?

No problem, just give us a call and we'll point you in the right direction.

# Part-time courses for adults

**Choosing a part-time course is not just about gaining a qualification: it can also give a real boost to your job prospects. As well as increasing your skills and knowledge in a chosen career, it shows an employer that you are taking steps to develop yourself!**

At Nottingham College, part-time courses are offered at venues throughout Nottingham, and many have a choice of start dates and times, giving you the flexibility to fit study around your other commitments.

We offer hundreds of courses, including professional qualifications, work-related courses to introduce you to a career area, plus leisure courses which will also teach you new skills. If you're looking to get back into work or train for a new job, a part-time course can make your CV stand out from the crowd.

The table is designed as a guide to some of the part-time courses we offer.

Please see our websites for full course listings and details of community venues near you.

# Helping you back into work

These specially designed courses help you to improve your employability, update your skills and increase your confidence. The courses are aimed at unemployed people who want to upskill or refresh qualifications and are FREE to people on a means-tested benefit or low income.

Courses are designed to address the following common issues for jobseekers:

- Improving your confidence.
- Developing team working skills.
- Improving job application skills, CV and letter writing.
- Identifying what employers are looking for on an application form.
- How to fill in the 'skills and experience' box to get the most out of your application.
- How to plan for an interview.
- Techniques for overcoming interview nerves.

We'll help you practise interview techniques in a mock interview and give you useful feedback for future job applications.

Our Pre-Employment courses are aimed at getting you into work and giving you the best chance to get ahead. You could also progress to an apprenticeship or work experience, and we can put you in touch with other College teams that have great working relationships with employers.

We offer bespoke courses such as: Applying for the Civil Service, Competency Applications, and Interview Techniques. Other courses such as Business Administration, Contact Centre, Customer Service, Warehousing, Retail, and Health and Social Care are also available.

## Improve your English and maths

Our dedicated classes will help you to work in a focused manner and all students take nationally recognised qualifications, improving their confidence and boosting their CVs. Sessions are 2.5 hours per week over 20 weeks.

We also offer separate classes for beginners, depending on demand, where the focus will be on building confidence and working towards achievable goals.

**Courses are run on a regular basis throughout the year and include the following:**

- Food Safety
- Family First Aid
- Health and Safety
- Computing for Beginners
- Internet
- Email
- Microsoft Office, Word, Spreadsheets, Databases

## Back to Work Success Stories

We spoke to two people who have benefited from one of our bespoke courses, which aimed to help them apply for positions in the public sector.

### Cleo

Cleo secured a job on a graduate programme, and is working towards becoming a tax specialist.

“The course helped me get a job, and I still find myself referring back to the competency writing techniques learnt on the course.”

“I would recommend this course to people if they're interested in applying for a job with a strong competency based application process.”

### John

John secured a job in the Civil Service after completing the course at Nottingham College.

“Had I not done the course, I wouldn't have had the in-depth understanding of how the competences process worked.”

“I couldn't have hoped for a better place to have returned to work, and I'm now very optimistic about the remainder of my working future.”

## ESOL - English for Speakers of Other Languages

If English is not your first language, an ESOL course can help you improve your English skills in listening and speaking, reading and writing. You could also study IT and employability skills to help you find a job.

An ESOL course can also help you be more confident in your everyday life, e.g. speaking to the doctor, reading household bills or communicating at work.

People often start with an ESOL course, and then when they have progressed to a higher ESOL level they can progress to a part-time or full-time vocational (career-related) course. Alternatively, you could go on to complete an apprenticeship, meaning you could earn a wage while you learn.

### How to apply:

Please contact our partner BEGIN (Basic Educational Guidance in Nottingham) to find out about which course is best for you and to apply:

### BEGIN

Tel: 0115 978 0942 | Email: [enquiries@begin.org.uk](mailto:enquiries@begin.org.uk)

# Courses in the community

**If you're looking for a part-time course that covers skills you can add to your CV, enriches your social life, furthers an interest, or just keeps your hand in with learning, then read on!**

Some of our part-time courses are funded by Community Learning (CL).

Community Learning is intended for personal development, cultural enrichment, intellectual or creative stimulation and enjoyment.

Courses are developed along with local residents to help build skills, knowledge and understanding for social and community action.

### Community Learning courses are suitable for adults aged 19+ and aim to:

- Provide taster programmes that give an introduction to a subject area.
- Give you opportunities to study in a friendly community venue.
- Help you to develop your employability skills.

### Don't forget!

Community Learning courses run all year round so please check our website for regular updates.

### What else do I need to know?

Material costs are not included, so please be prepared to buy your own course materials.

## Locations

Some of these courses are held at our main campuses and we also have courses at a range of community locations, including:

Venue	Address
Asian Women's Project	Noel Street, Nottingham
Bestwood Directions	Padstow Road, Nottingham
Bestwood Park Church	Beckhampton Road, Nottingham
Broxtowe Education Skills & Training	Denton Green, Nottingham
Christ the King School	Darlton Drive, Arnold
CORE Centre	St Wilfred's Square, Calverton
Forest Fields Primary School	Adult Education House, Sturton Street, Nottingham
Middle Street Resource Centre	74 Middle Street, Beeston
Riverside Building	Main Street, Bulwell
Snapewood Community Centre	Snapewood Road, Bulwell
Southglade Access Centre	Southglade Road, Bestwood
St George's Centre	Victoria Road, Netherfield
St Mary's Church	Church Street, Eastwood
The Textile Workshop	581A Mansfield Road, Sherwood

**Community venues are subject to change. To find a course near you just visit our website and have a browse.**

### Our courses include:

- Counselling
  - French language skills
  - Spanish language skills
  - Creative Writing & e-book publishing
  - Ceramics
  - Cakemaking
  - Watercolours
  - Dressmaking
  - Crafts
  - Painting & Drawing
  - Beauty Therapy
  - Food Safety
  - Customer Care & Restaurant skills
  - IT & Computing
  - Tarot cards
  - Stained glass making
- ...and many more!

### Enrolment and fees information

CL-funded courses mean that you will not have to pay any fees if you are in receipt of certain means-tested benefits and are currently looking for work.

If this applies to you and you'd like to join a course, you'll need to come into one of our main campuses in person to enrol.

Please note that you can enrol on a maximum of two CL courses during an academic year.

If you are not eligible for any fee reductions, you can still enrol but the full cost tuition fee of £3.25 per hour will apply. If this applies to you, you can also enrol by phone by calling 0115 9 100 100.

# 3 Benefits of learning a language

We offer part-time beginner and follow-on language courses, which get added to our website throughout the year. Examples of recent courses include French, Spanish and German.

## 1 Travel and meet people

Visiting other countries is a whole lot easier when you can speak another language. A few key phrases can take you a long way!

## 2 Build confidence

Boost your self-esteem by gaining a new skill. Learning a new language is a huge achievement! On our part-time courses, you'll get to meet new people, make friends and improve your communication skills.

## 3 Impress employers

Having skills in a second language can give you a competitive edge, particularly in international companies where you could help bridge the gap between two countries.

## Hear from some of our language learners

**Nicola**  
Spanish for Beginners  
Follow on Spanish

“The course was perfect for what I was looking for. We started with the basics, and moved at a good pace to more advanced Spanish, without it being too intense. Our tutor was patient and extremely knowledgeable.”

“The course content was engaging, flexible and relevant and I thoroughly enjoyed both courses.”

**Rob**  
Spanish for Beginners

“The tutor’s relaxed but positive teaching style ensured we were a friendly,

happy group. It helped me to learn a great deal about the Spanish language and people, which I believe will help me speak to locals when on holiday.

“It was a real pleasure to attend the course, so I would advise anyone thinking of taking up a part-time course at Nottingham College to give it a go. People should not let nervousness put them off, nor be concerned about their age.”

**For those of you who already have foreign language skills, we also offer A Levels in French and Spanish!**

**See our website for details.**

# Access to Higher Education

**If you're aged 19+ and would like to study towards a degree or university-level qualification, but you don't have the usual A Level or BTEC qualifications to get you there, an Access to Higher Education and Employment course could be just what you're looking for.**

Access courses are one-year programmes that are specifically designed to fast track you to higher education.

Our Access students come from all walks of life, but they have one thing in common - they're all people like you, looking to focus on their studies in order to reach their goals.

We offer a range of Access courses, from social sciences to teaching, and from science to art and design or nursing and midwifery, to name just a few. The courses lead to an even wider choice of degree-level study.

Whichever route you choose, your tutor will support you throughout your studies and you can take advantage of everything the College has to offer.

You'll benefit from well-equipped libraries and industry-standard equipment.

What's more, our staff will be on hand throughout the year to offer impartial advice on applying to university, and to support you towards taking the next steps in your learning journey.

You may be entitled to an Advanced Learner Loan to cover the cost of your Access course fees - even better, if you study an Access course then complete a Student Finance England-funded higher education course, you won't need to repay the loan.

**To find out if you're eligible and to learn more about the funding options available to you, visit [nottinghamcollege.ac.uk](http://nottinghamcollege.ac.uk).**

**Did you know?**

**79%**

of Access to HE students are accepted by higher education providers in their local area, demonstrating great progression to uni-level courses locally!

## Focus Feature

**Forty-seven year old Adejoke, or Ade as she's known by her friends, is a hard-working single mum of five. She's gone through a number of personal tragedies, including losing children to stillbirth and having five children who suffered with a medical condition that required a lot of care.**

**But Ade says the life experiences and challenges she has faced are what makes her so determined and passionate about becoming a nurse.**

“

Life experience is the best teacher. I'm naturally a very inquisitive person. I like to research and find out the causes for things.

“My Lecturer was so supportive and encouraging, and after studying genetic engineering as part of the course, I realised I could really make a difference in this area, and that's why I'm so determined to become a nurse.”

Ade has now progressed to study adult nursing at university.

She said: “I don't believe there is anything out there that you can't achieve. You just need to focus and go for it. If you're determined and work hard you will achieve it.”

**Adejoke - Access to Nursing & Midwifery**

# Apprenticeships - not just for school leavers

**Apprenticeships allow you to study for a nationally recognised qualification, get on-the-job training and earn money while you learn. They're great for both school-leavers and adults.**

You will be employed by a local company in your chosen area of work and apprenticeships usually take between 12 and 24 months. Your assessor will visit you regularly to support you and you may also attend training sessions at College to boost your knowledge and skills.

We offer different levels of apprenticeship, depending on your existing experience and qualifications. Did you know, for example, you can even study a degree-level apprenticeship while in your current job role?

## What can I expect to get paid?

Even though you are completing a qualification, you'll receive a wage while you train. The apprenticeship National Minimum Wage for people aged 16 - 64 in the first year of their apprenticeship is currently £3.90 per hour. If you're aged 19 or over you'll be on the National Minimum Wage for your age range after 12 months. However, in both cases some companies may pay you more than this. If you're already employed and are looking to upskill in your current role, your pay will remain the same.

## The future

At the end of your apprenticeship, you'll have a recognised qualification and valuable experience under your belt. On average, achieving a Level 2 or Level 3 apprenticeship boosts earnings by 11% and 16% respectively, so it's a great career choice.\*

\*Source gov.uk publication: Key Facts about Apprenticeships

## Where do I start?

You can browse our current apprenticeship vacancies online at [nottm.co/apprenticeships](http://nottm.co/apprenticeships).

If you don't see a vacancy in an area you're interested in right now, or you're employed and want to upskill through an apprenticeship but need more information, please get in touch with our friendly apprenticeship advisors, who will be able to help you. Just call 0115 945 7260 and we'll be happy to help.

**New apprenticeships are regularly added.**

**Visit [nottm.co/apprenticeships](http://nottm.co/apprenticeships) for the latest details.**

## Higher Level apprenticeships - Level 4 and 5

Higher apprenticeships are relatively new qualifications which allow you to study at higher levels and progress into higher skilled occupations. These are predominantly for people wishing to upskill in their current job roles.

They provide a combination of on and off-the-job training and can really boost your career prospects. They give employers access to the most skilled and up-to-date employees, and allow you to gain critical first-hand experience in the field you want to excel in. It's a great opportunity to earn while you learn at a higher level.

## Are you an employer?

Want to train up your existing staff or take on apprentice, but need to explore what funding is available?

Wondering about the Apprenticeship Levy?

Contact our Employer Services team - we offer a full apprenticeship recruitment service but we can also give free advice on what funding is available, or help you navigate the Apprenticeship Levy.

[business@nottinghamcollege.ac.uk](mailto:business@nottinghamcollege.ac.uk) or call 0115 945 7260.

## Already working and want to get a qualification?

If you're already in a job but want to work towards a qualification, why not get your employer to contact us, to see what funding may be available to help them offer you an apprenticeship in your current role?

## Focus Feature

### Using an apprenticeship to progress

**“**I got a part-time job at a restaurant while studying towards my Professional Chefs Diploma, and I enjoyed working there so much that when I got the opportunity to do an apprenticeship I jumped at the chance.

“College was great and the techniques and theory I learnt was really useful, but for me, learning in a real working environment, in a professional kitchen with the experts, has pushed my development to another level.

“Thanks to my apprenticeship I'm now a Junior Sous Chef.

“I run the kitchen three to four days a week with a couple of chefs under my wing. I'm loving my time here and I'm learning a great deal about the industry I've chosen.”

**Morgan - Catering apprentice**

**Oliver** - Sociology, Maths, History

# A Levels at our High Pavement Sixth Form

## A unique experience

We are proud of our diverse student community, and that includes at our High Pavement Sixth Form, which specialises in A Levels.

We welcome adults who are looking to return to learning, alongside our cohort of young people who choose us as their A Level provider after their GCSEs.

High Pavement is a mature environment after all - we treat all our students like adults!

Plus we're right on the doorstep of Nottingham Trent University in the city centre, and our staff know exactly what it takes for you to succeed at A Level and beyond.

## 20 different subjects to choose from

- 1 The vast majority of students go on to university. These include highly competitive institutions such as Russell Group members. In 2017, over 90% went on to higher education, an apprenticeship or employment.
- 2 A different type of study - more independence, no uniform, and being on a first-name basis with your tutors, whether you're 16 or 60!
- 3 Twice-yearly University and Careers Fair, with representatives from many major universities, local and national employers, and opportunities to take part in employment workshops and fun activities.
- 4 We have a great working relationship with our neighbours, Nottingham Trent University (NTU) - who give our students lots of crucial advice, hints and tips on applying to university.
- 5 A great location - at the heart of Nottingham's student hub, and you'll get opportunities to take part in enrichment activities and to socialise at any Nottingham College campus.
- 6 Purpose-built facilities, including state-of-the-art laboratories and a well-equipped Library.

# YOUR FUTURE OVER 200 YEARS IN THE MAKING

# Degrees on your doorstep

## University-level courses local to you!

Whatever your age, embarking on a degree is a big decision. But did you know that choosing a university-level course can lead to increased earning potential, additional opportunities and a more rewarding career?

If you're looking to take those steps into higher education (HE) and would like to learn locally, or know someone who is, have you considered Nottingham College?

Our class sizes are small and there's plenty of one-to-one support as well from our friendly staff.

Many of our university-level courses can be studied part-time and some in the evenings, and all are relevant to the world of work. In fact, employers help shape the curriculum, and we have staff with current industry experience, so you can be confident that our courses will prepare you for your future career.

Nottingham College is a supportive environment where you'll be studying alongside like-minded people.

Don't have typical qualifications? Our students come from a wide range of backgrounds, and in many cases we can consider mature students with relevant experience.

“I would recommend the College 100% to anybody looking to study a higher education qualification.”  
“I found that because the College is smaller than a university setting it offers much more one-to-one support if and when you need it.”

**Laureen** - BA Hons Business Studies

## Did you know?

- Fees for our 2019 entry full-time HE courses are £8,250 per year. Contact us for part-time and 2020 entry fees.
- We also offer BA (Hons) top-up courses.
- Our higher education partners include Nottingham Trent University and Pearson Edexcel.
- In 2017 we were awarded the highest level of judgement by the Quality Assurance Agency, highlighting the quality of student experience and academic standards in our higher education provision.

## Come and visit us!

You can explore our facilities, meet our staff and get advice on finance and the application process at one of our open events. They are a great opportunity to find out more about us before you apply.

Our open events run throughout the year and you can find details at: [notfm.co/open](http://notfm.co/open)

## Why not try the food for yourself?

To book your table at Adams Restaurant, please call 0115 910 4510 and speak to our friendly team or visit our website at [nottm.co/adamsrestaurant](http://nottm.co/adamsrestaurant).

Adams Restaurant, The Adams Building, The Lace Market, Nottingham NG1 1NG

Search for Adams Restaurant on social media

## TREAT YOURSELF

# City Hub

Coming soon

In September 2020, we open our doors to our new City Hub campus in the city centre. This new £58m landmark building is a short walk from the tram stops of both the station and the Lace Market and is next door to what will be the new Broadmarsh bus station.

More than 2000 students, studying everything from performing arts to childcare, from catering through to computing, will fill the new building, which boasts a real commercial restaurant offering hands-on training to students, state of the art classrooms and even a 200-seater theatre.

Take a look on our website for which courses will be delivered at this new facility

# Learn from experience

**Our tutors aren't just teachers, they work in the industry**
